HOME NEWS NOTES

Local forecast for Pensacola and vicinity: Rain to-night; clearing and colder Sunday; frost and probably high westerly winds. Maximum temperature yesterday, 55 degrees; minimum in last 24 hours 43 degrees.

POLICE COURT—Five cases, one discharged and \$25 in fines was the police court record this morning.

THE MYSTIC 34—You are commanded to meet at Clutter's Music hall at 8:30 Monday night to have measures taken for costumes.

AMUSEMENTS—The Baldwin-Melville company will open a three night's engagement at the opera house commencing next Tuesday, February 13th.

ST. KATHERINE'S CHURCH—Services to-morrow at 7 and 11 a. m. and 7 p. m. At the night service Bishop Edwin G. Weed will preach and administer confirmation.

CHURCH OF CHRIST—Corner Jackson and Alcan streets; preaching by Rev. J. B. Rice. Subject Sunday 10:45 a. m. "The Confessional." Subject at 7:30 p. m. "Is the Standard of Virtue a Single Standard or a Double Standard?" All are welcome.

GERMAN LUTHERAN CHURCH—Sunday school 9 a. m. to-morrow; German service with Holy Communion at 10:30 a. m.; confession at 10 a. m.; English service 7 p. m. Subject, "Christ our only Foundation." J. F. W. Reinhardt, pastor.

FROST TO-NIGHT—Weather Observer Wright received telegraphic notice from Washington this afternoon that conditions favor frost to-night in Southern Mississippi, Southern Alabama and possibly in Western and extreme Northern Florida.

CARGO OF PARITIS—The Austrian steamship Uralia, which arrived this morning from Havre via Funchal, brought a cargo of 2,743 tons of iron pyrites for the Goulding Fertilizer company. The Uralia will be loaded by the Gulf Transit Co. for Venice and Trieste.

WOODWARD-WARREN CO.—This popular company of entertainers played that awfully funny comedy, "The Strategists," last night to a full house. This afternoon at matinee they are playing a Practical Joke. The bill to-morrow will be "The Girl I Love." The specialties last night were excellent and of a high class.

A NARROW ESCAPE—The presence of mind and prompt action of Miss Jenny Humphreys saved the little three-year-old daughter of Mr. and Mrs. F. C. J. deudvine from a horrible death yesterday. The child was playing near the open gate and its clothing caught on fire. Miss Humphreys went to its assistance so quickly that it was only slightly burned, but she was not so fortunate, her hands being burned in extinguishing the flames.

A COMPLETE ESTABLISHMENT—The advertisement of Chas. H. Turner, architect and builder, which appears in another column, modestly describes one of the most complete establishments of its kind in the South, and tells a very small part of the truth concerning the facilities it offers for artistic and thoroughly satisfactory construction and installation in its several departments. Most Pensacolians are familiar with Turner's work, and those who are not should examine some of the many examples of it, which exist all over the city, before placing their orders.

VARIOLOID—Mrs. L. M. Brooks is ill at her home on East Gregory street with varioloid, contracted it is supposed by germs brought back in his clothing by Judge Brooks, who recently returned from Guthrie, O. T. Every precaution has been taken to prevent a spread of the disease, the house being quarantined and under guard. Some excitement

was caused this morning by the cook, Julia Yelder, escaping from the house about 5 o'clock and eluding the guards. The police were not notified until 7 a. m. and Capt. Dawat once went out in the heavy rainstorm and quickly apprehended the woman, who is again under guard at the quarantined house.

Bright's disease is more dreaded by physicians than any of the serious disorders with which they have to deal, because of its insidious and malignant character. If prompt action were taken when headaches, urinary disorders, digestive troubles first appear much suffering and sorrow would be averted. **PICKLEY'S BRIGHT'S** will quickly stop the spread of the disease, quiet the inflammation, heal the kidneys and bladder, strengthen and regulate the liver, and drive poisons and impurities out of the system by cleansing the bowels. At Jacoby's.

Four different men were trying to talk to Jacoby, all at once, the other day when a News man dropped in to get an advertisement he had been promising. "It's no use, my friend," he exclaimed. "You can see for yourself how things are. Look around, and if you see anything that will do for an ad., put her in, but don't wait for me to write it up; I simply can't do it." THE NEWS man looked around and "found something"—here is part of it, the rest was packed away in the big warehouse next door, or stacked up in shelves and piles, up to the ceiling:

W. T. Green & Co's New and Elegant Soda Water Plant

The new drug firm of W. T. Green & Co., otherwise known as the Pensacola Pharmaceutical Company, have again demonstrated the fact, which was already apparent, that they are determined to be strictly up-to-date in every department of their business, by installing one of the most costly and complete soda water plants ever seen in Pensacola in their dairy and beautiful place of business at No. 37 South Palafox street.

The fountain of the new plant is one of the largest ever seen here, and one of the most-titled. It is rectangular in shape, the sides and front of heavy slabs of rare onyx, with 12 syrup receptacles each faced with onyx and fitted with silver faucets. It has five draught faucets, two for soda and one each for seltzer, Deep Rock and Vichy mineral water; and is surmounted by an artistic superstructure of white enamel, with a large French plate glass mirror, lighted by electric lights in shaded globes. It was manufactured by the Marti Manufacturing Co. of Chicago. A silver plated hot drink apparatus enables the proprietors to furnish all kinds of hot drinks—soda, coffee, chocolate, etc., all of which are "dispensed" out a six foot slab of fine Tennessee granite.

The soda is manufactured by the largest concern ever used here, connected with the fountain by a complete system of plumbing.

When the storm is over, the weather will "clear up" and hot soda and other hot drinks will be in demand. They can be found here in great variety and of the best. Ladies out on shopping excursions are especially invited to sample them.

Nasal Catarrh quickly yields to treatment by Ely's Cream Balm, which is agreeably aromatic. It is received through the nostrils, cleans and heal the whole surface over which it diffuses itself. A remedy for Nasal Catarrh which is drying or exciting to the diseased membrane should not be used. Cream Balm is recognized as a specific. Price 50 cents at druggists or by mail. A cold in the head immediately disappears when Cream Balm is used. Ely Brothers, 56 Warren Street, New York.
